Solomon Page offers a Health Savings Account (HSA), for reimbursement on non-reimbursable qualified medical expenses. To be eligible for the Health Savings Account, employees must be enrolled in a High Deductible Health Plan (HDHP) through Solomon Page. HSA's allow employees enrolled in qualified plans to pay lower health plan premiums and defer pre-tax payroll earnings to cover medical services. The designated funds are deducted from your pay pre-tax, meaning the dollars are not subject to withholding for federal income taxes and Social Security.

Please note, if you open an HSA account, you will not be able to put money into an FSA account for your medical expenses. However, you can enroll in a limited FSA, using those monies for dental, vision and over the counter drugs.

## **FSA and Dependent Care** \$3,300 FSA maximum, \$5,000 maximum dependent care

Solomon Page offers Flexible Spending Accounts, for reimbursement up to \$3,300 to be used for qualified medical, dental and vision expenses for employees and their dependents. Additionally, employees can elect up to \$5,000 for reimbursement of qualified child care expenses into a Dependent Care Account. If hired mid-year, the account maximums will be prorated and balances up to \$660 will roll over into the following plan year.

Please note, if you open an HSA account, you will not be able to put money into an FSA account for your medical expenses. However, you can enroll in a limited FSA, using those monies for dental, vision and over the counter drugs.

## **Commuter Benefits**

The Solomon Page Commuter Benefits Program, in partnership with HealthEquity (formerly Wage-Works), allows employees to set aside up to \$325 pre-tax per month to pay for public transportation (subway, rail, bus, and ferry) and up to \$325 pre-tax per month to pay for parking. These funds will be available in the form of a Visa card, pre-loaded with your elected amount each month.

## **401(k) Plan**

Employees are eligible to participate in the company sponsored 401(k) Plan, administered through Principal, after completion of 1 year AND 1,000 hours of service within the first twelve months of employment. Employees may contribute up to 100% of their annual pay, to a maximum of \$23,500, plus additional catch-up contributions for individuals over the age of 50. The company provides a discretionary\* match of 50% of the first 6% of contributions, to a maximum of \$1,500 per year.

*\*Match is subject to change.*

## **Employee Stock Ownership Plan**

ESOP contributions are available to employees who complete 1 year of service (remain employed for 12 months from hire date and complete 1,000 hours of service). If eligibility is not reached in the first year, hours will be recalculated each year thereafter.

## **the DETAILS**

Employee contributions are primarily withheld on a pre-tax basis. Accordingly, the impact on your net after-tax income is approximately 20 to 25% on average, and your contributions are not subject to federal tax, Social Security tax, Medicare tax, or, in many instances, state income tax.

The benefits described in this document do not create a contract of employment.

This document is meant to be a summary of the benefits available through Solomon Page Group, LLC.

Please refer to the applicable Summary Plan Descriptions (SPD) for all benefit plan provisions and limitations. The SPDs govern all benefit plan determinations.

Effective February 1, 2022, the Solomon Page 401(k) Plan contains an automatic arrangement that applies to new participants or re-hired participants as they enter the plan. If you are a new participant, you will be automatically enrolled in the retirement plan, meaning 4% of your pay will be deducted from paychecks and contributed to the retirement plan on your behalf unless you elect a different salary deferral percentage.
